# THE BIG MEET: CAL vs. STANFORD

## HISTORY OF THE BIG MEET

*Compiled by Keith Conning*

- 1893 The first Big Meet was held at the Olympic Club Grounds in San Francisco.
- 1939 Clyde Jeffrey (Stanford), a world record holder, set a meet record of 20.8 in the 220y.
- 1940 The Stanford world record mile relay team of Charles Shaw, Ernie Clark, Craig Williamson, and Clyde Jeffrey set a meet record of 3:12.9.
- 1941 Grover Klemmer (Cal), a world record holder, set a meet record of 47.6 in the 440y.
- 1950 Otis Chandler (Stanford), the publisher of the L.A. Times from 1960 to 1980, set a meet record of 55'3" in the shot put.
- 1960 Ernie Cunliffe (Stanford), an Olympian, set a meet record of 1:47.7 in the 800m.
- 1970 The Cal 4x100m team of Dan Couser, Isaac Curtis, Dave Masters, and Olympic gold-medalist Eddie Hart, set a new meet record of 39.7.
- 1983 Regina Jacobs (Stanford), a four-time Olympian, set a meet record of 4:19.4 in the 1,500 meters.
- 1991 Chris Huffins (Cal), an Olympic decathlon bronze medalist, set a meet record of 26-1 ½ in the long jump.
- 1995 "This meet is the emotional highlight of our season," Cal coach Tony Sandoval said. "People step up and this becomes their signature performance at Cal...and it's certainly true at Stanford, too."
- 1997 "I've never been a rah-rah guy," Cal pole vaulter Clarence Phelps said. "I don't get into loyalty too much. But over the years this meet has grown in significance in my life. I want to win this meet. I don't want to be a member of the class that lost to Stanford."
- "Erv is a very superstitious man," Cal assistant coach Tony Sandoval said of head coach Erv Hunt. "He never scores the meet beforehand. There are so many things that happen during a meet, it can drive you crazy. Every year some athletes come out of the woodwork and compete beyond themselves."
- 2007 Alysia Johnson clocked a Big Meet record and regional-qualifying 2:03.43 to win the 800m. Johnson surpassed the old meet record of former Cal star Louise Romo, who ran a 2:04.10 in 1984.
- "The Big Meet has always been important to us, our fans and the alumni," said Cal Interim Director of Track and Field Tony Sandoval. "It's very emotional and it's bragging rights. The dual meet is pretty much a 'dinosaur' in track and field now, with the emphasis on conference meets, regionals and NCAAs. It's very difficult now to fit in a meet like that. It's always important; something the whole team can buy into."
- 2008 Katie Morgan and Thomas Mack each set Big Meet records. Morgan's record-setting mark of 13-5.75 also set a school record. Mack tied his personal best in the 110-meter hurdles when he clocked a time of 13.74.

## DON BOWDEN - USATF HALL OF FAME

*Don Bowden*

### DON BOWDEN INDUCTED INTO USATF HALL OF FAME

**C**alifornia track and field hall of fame member Don Bowden was named to the USA Track & Field Hall of Fame as announced by the organization on Nov. 4, 2008.

A 1956 Olympic Team member, Bowden was the first American ever to break the four-minute barrier in the mile (3:58.7) on June 1, 1957, in Stockton, Calif. His almost-50-year-old record time in the mile was broken by former Cal runner David Torrence, who set the new record at 3:58.62 at the California Collegiate Challenge on April 28, 2007, at Edwards Stadium.

A 1956 Olympian in the 1500, the 1957 NCAA Outdoor 880-yard champion, Bowden was ranked third in the world in the 800 meters by Track & Field News in 1957. He also ran the third leg (1:49.5) for Cal's quartet that set the 4x880-yard relay world record time of 7:21.0 in Los Angeles on May 24, 1957.

Bowden competed for the Golden Bears from 1956-58 and was inducted into the Cal Hall of Fame in 1987.

*Legendary Track & Field coach  
Brutus Hamilton with Don Bowden*

*Don Bowden with David Torrence

## EDWARDS STADIUM AND GOLDMAN FIELD

**L**ong considered one of the finest track and field facilities in the world, the University of California's Edwards Stadium has a legacy unmatched in collegiate track and field. Not only has the facility been host to some of the best individual performances in the sport's history, but Edwards Stadium also stands in one of the most beautiful settings in the nation, with panoramic views of the Berkeley Hills and Strawberry Canyon to the east, and the San Francisco Bay, Golden Gate Bridge and the city skyline to the west.

Cal's track teams returned home to Edwards Stadium/Goldman Field for the 2000 season after a year hosting meets away from Berkeley while the stadium reconstruction project was completed. Edwards Stadium was the site for the 2001 Pac-10 Championships and also hosted the 1993 Pac-10 meet. Bids will be presented in the near future to host upcoming NCAA and TAC National Championships events.

With a seating capacity of 22,000, Edwards Stadium for years had the distinction of being the largest exclusive track and field facility in the United States. Beginning with the 1999-00 school year, the Cal men and women's soccer teams adopted Edwards Stadium's infield – Goldman Field – as their home venue.

Over the years, Edwards Stadium has witnessed 12 world records, 26 American records and 24 collegiate records. The first world record set in the stadium was also history's first 15-foot pole vault, by Cornelius "Dutch" Warmerdam in 1940. The last world mark to fall in Berkeley was in 1978, as Washington State's Henry Rono clocked 13:06.4 in the 5,000-meter run. On a cinder surface in 1966 – before a Tartan all-weather surface was added in 1977 – a University of Kansas freshman by the name of Jim Ryun clocked a remarkable 3:51.3 miles.

Named after Col. George C. Edwards, the facility opened in 1932 as the only stadium in the world built for track and field use only. Since that time, Edwards Stadium has hosted eight NCAA Championships meets (more than any other site), a National AAU Championship, the All-American Invitational in 1966, the 1971 and '78 USA vs. USSR dual meets, six Kennedy Games, the Brooks Meet of Champions and the Kinney Invitational.

In 1967, the oval itself was dedicated in the name of Walter Christie, California first track and field coach (1900-32), and in the early 1960s, the "Friends of California Track" raised funds to build the Walter Christie Bench, which stands just outside the running track on the west side of the field. With funds that remained after the bench was built, the electric clock that sits atop the scoreboard to the north was purchased. A 173-seat press box sits atop the west grandstands.

## ACADEMIC ACHIEVEMENT

One of the real success stories for the University of California is the development and growth of a comprehensive academic support program for its student-athletes: the Athletic Study Center.

In 1984, campus officials and athletic department administrators decided that a greater emphasis needed to be placed on helping Cal student-athletes with their academic pursuits. The Athletic Study Center was thus born and charged with developing an academic support program tailored to the needs of NCAA Division I student-athletes. It was a significant development for an academically oriented institution such as Cal to recognize the special needs required for a modern student-athlete's success both as an athletic competitor on the field of play and as a student in the classroom.

### STUDENT-ATHLETE PROGRAM

The Athletic Study Center, which is housed within the Division of Undergraduate Education, is the tutorial and academic support program for the nearly 1,000 student-athletes at Cal. Centrally located in the Cesar Chavez Student Center, the program provides a spacious and comfortable arboretum for quiet study, separate classrooms for individual and group tutorials, and a computer lab for word processing and required course work.

Geared around the understanding of the amount of time student-athletes must devote to practice, training, physical therapy and team travel, the program creates an environment where students can cultivate strong study habits, receive individual or group tutoring and obtain counseling from academic advisors.

*The Athletic Study Center Staff*

### TUTORIAL PROGRAM

The tutorial program promotes and enhances student academic skills and progress by providing individual tutoring, group workshops, study groups, credit courses and intensive special programs. The Athletic Study Center has between 50-60 tutors on staff per semester to guarantee that students receive the best possible support. Tutorial sessions are also offered at night, enabling student-athletes to receive help after practices when are able to devote more time to studying.

### ADVISING PROGRAM

The advising program offers a broad range of services to meet the unique needs of student-athletes, including assistance in understanding and complying with university, college and NCAA requirements, developing time management skills and resolving personal academic issues unique to student-athletes.

During a student-athlete's freshman year, advisors provide assistance to ensure a successful academic transition from high school. In the sophomore year, they assist student-athletes in making decisions on appropriate majors and fields of study. Over the course of the final two years, advisors take more of an exiting approach, ensuring that proper academic progress is being made towards graduation while referring juniors and seniors to areas on or near campus that can help with career planning and development.

### SPECIAL PROGRAMS

The Athletic Study Center offers a special service called *Summer Bridge*; an adjunct program designed to help ease the transition from high school to college. The primary components of the program include writing and math workshops, an advising workshop, study skills seminars and an evening tutorial program.

Another special program offered is peer advising. Peer advisors provide academic and campus guidance for new intercollegiate student-athletes. They are selected from junior and senior student-athletes who assist in the development of programs to further address the needs of student-athletes.

*The strength and conditioning program for Cal Baseball is a comprehensive process which combines modern Olympic platform, aerobic and anaerobic workouts in the Haas Pavilion fitness facility with personalized training to maximize strength, speed, flexibility and overall health.*

**A**n integral part of the Cal Track and Field program and its success is the strength and conditioning program, led by Lindsay Bufkin and assistants, who supervise the comprehensive operation for the Golden Bear team. The program's philosophy is geared towards helping each student-athlete achieve the highest level of athletic development.

By teaching how all the components of strength and conditioning fit together, student-athletes understand how to maximize force production. This includes enhancement of speed, strength and flexibility, which results in improved power. Motivating, educating and helping to reach maximum athletic development

is the primary focus of the Cal program.

The Cal weight room includes eight Olympic platforms and an array of aerobic and anaerobic equipment. The picturesque facility offers panoramic views of the entire region, including San Francisco and the Bay. The training regimen at Cal is a year-round process that emphasizes the speed, strength and flexibility. With closely monitored workouts that involve a great deal of individual instruction and attention, student-athletes are taught the correct techniques to increase peak performance during competition.

Cal's program stresses comprehensive training in order to improve both strength and speed. Flexibility is a key component because it is essential for proper lifting.

Athlete workouts are closely monitored

by the conditioning staff who work in collaboration with the entire sports medicine team (doctors, athletic trainers, physical therapists, nutritionists, etc.) to ensure the health and safety of all of student-athletes.

In this way, Cal's strength and conditioning program is a vital component linking the "full circle" of a student-athlete's physical development from conditioning through rehabilitation and reconditioning.

## BERKELEY AND THE BAY AREA

CALIFORNIA GOLDEN BEARS

**T**he San Francisco Bay Area is a major metropolitan area of approximately six million people and one of the most scenic regions in the United States. The Bay Area includes the major cities of San Francisco and Oakland, as well as Berkeley, home of the world-renowned University of California. Just south is the city of San Jose and the Silicon Valley, home to many of the world's high-tech companies. The Bay Area also lies within easy driving distance of the high Sierra resorts of Lake Tahoe and Yosemite, the Monterey/Carmel peninsula, the world-famous Napa wine country, and the spectacular Mendocino Coast.

Everyone knows "The City" - San Francisco - from countless photographs, movies and television shows that capture its magic. It is a city built on a series of more than 40 hills, offering panoramic views of every kind. The hub of a nine-county complex and the financial and insurance capital of the world, San Francisco has a resident population of about 740,000. San Francisco is situated on a 46.6 square-mile peninsula bounded on the west by the Pacific Ocean, on the north by the

Golden Gate strait, and from north to east by the San Francisco Bay. The City has been named the world's top city twice and the top city in the U.S. in 17 of the last 18 years by *Condé Nast Traveler*.

The San Francisco Bay is spanned by two landmarks, the Golden Gate and San Francisco-Oakland Bay bridges, and graced by four islands: Alcatraz, Angel, Yerba Buena and Treasure. The area is easily navigated by car, BART (Bay Area Rapid Transit), bus or ferry, making it easily accessible to all.

## OAKLAND

## SAN FRANCISCO

**L**ocated across the Bay Bridge from San Francisco, Oakland is a city of 400,000, jam-packed with exciting attractions, stimulating arts, and an ideal climate. Oakland's charm exceeds its man-made wonders, as its tumbling hills, vast forests, hiking and riding trails, beautiful lakes and numerous parks provide a natural escape for those who prefer nature over an urban environment.

Berkeley, just a 12-mile drive from San Francisco, is situated on 18.8 square miles with a population of 103,000 people. A study in contrasts, Berkeley is a small town with a big-city character. With its world-renowned university, global population and rich diversity of cultural arts, Berkeley reflects and affects the rest of the country.

Sports fans can see it all in the Bay Area - professional football (San Francisco 49ers, Oakland Raiders), professional basketball (Golden State Warriors), professional baseball (San Francisco Giants, Oakland Athletics), professional hockey (San Jose Sharks), and outstanding collegiate competition.

## YOSEMITE NATIONAL PARK

### SIMPLY THE BEST

**T**here is no other way to aptly describe America's top public university. There is no other way to describe one of the elite academic settings in the world – especially one that also includes one of America's most successful athletic departments.

The University of California blends the best of all worlds. Overlooking the scenic San Francisco Bay and ranked as the nation's top public university by the *U.S. News and World Report*, the flagship campus of the state of California also features an athletic program that annually finishes among the leaders in the Directors' Cup standings, which rates the overall success of America's athletic departments.

Cal attracts what many believe to be the finest applicant pool in the United States. The university features a diverse student-body population. The University of California offers 300 degree programs, and 35 of the school's 36 graduate programs are ranked among America's top 10. Cal's 35 programs among the top 10 is No. 1 among all universities in the country, as is its 32 "distinguished" programs, as rated by the National Research Council.

The library is ranked third in the country, as judged by the Association of Research Libraries with 10 million volumes in 32 campus libraries.

The faculty features seven Nobel Laureates, 130 members of the National Academy of Sciences, 28 MacArthur Fellows, 76 Fulbright Scholars, four Pulitzer Prize winners and more Guggenheim Fellows (357) than any other university in America.
