MEMORIAL STADIUM

Since it opened in the fall of 1923, California Memorial Stadium has produced scores of unforgettable memories for generations of Golden Bears. From the Wonder Teams of the 1920s to the Pappy Waldorf years mid-century and the success in the first decade of the 21st century and the facility has treated fans of all ages to many of the greatest moments in the history of Cal football. It stands as one of the most enduring symbols of the University of California campus and has served as a gathering point for students, alumni, faculty, staff and other supporters for nearly 90 years.

Last fall, the historic building began a new era following an extensive retrofit and renovation that brings it up to modern standards for fans and student-athletes alike, creating a more enjoyable environment for the hundreds of thousands of people who visit and partake in games every year – all while maintaining the architecture and character of the celebrated stadium.

Major construction on the \$321 million project got underway in December 2010, and barely 21 months later in the fall of 2012, the Golden Bears were able to call Memorial Stadium home once again.

RENOVATION HIGHLIGHTS

- Modernized fan amenities, including wider concourses and additional restrooms and concession areas on the west side.
- New wheelchair seating with better accessibility and access around the stadium.
- Restoration of the historic façade, one of the signature features of Memorial Stadium.
- Modernized public address and permanent lighting system.
- Restored flagpoles atop the stadium rim.
- State-of-the art scoreboards with enhanced video and graphics capabilities within the existing structures at the north and south ends of the stadium.
- A new 34,000-square-foot press box atop the west side.
- Endowment Seating Program area (approximately 3,000 seats) that will include chair-back seating and access to three club levels (Field Club, Stadium Club and University Club).
- Benches with backs and additional legroom in donor sections outside the ESP area.
- Replacement of all old wooden seating with aluminum benches.
- Playing surface lowered approximately four feet to improve sightlines for fans seated in lower rows.

SIMPSON CENTER

Cal football players train in the Simpson Center for Student-Athlete High Performance, a revolutionary student-athlete training, coaching, and applied sports science and sports medicine center that opened in January of 2012. The Simpson Center embodies the High Performance Initiative (HPI), Cal's innovative performance philosophy designed to build competitive advantage, maximize efficiency and enhance the student-athlete experience.

A 142,000 square-foot facility, the Simpson Center is a state-of-the-art complex with year-round access for over 450 student-athletes. The Simpson Center is home to the locker rooms, meeting rooms and offices for Cal football and 12 Golden Bear Olympic sports for use on a daily basis.

THE SIMPSON CENTER PROVIDES:

- Performance Training & Assessment
- Therapy, Rehabilitation & Reconditioning
- Sport Performance Laboratories
- Academic Support Services & Study Area
- Dedicated Team Room, Locker Room & Office Space
- Nutrition & Food Service
- Medical Clinic

The signature feature of the Simpson Center is the High Performance Zone – a fully integrated training space with world-class strength and conditioning, sports medicine and sports science facilities and services. Developed with sports performance in mind, high quality equipment and an open layout provide impressive training options to prepare for the highest levels of competition.

This multi-purpose space encompasses 18,700 square feet, spans two stories and stretches the length of a football field. Planned to accommodate 100 student-athletes at a time, Golden Bears are able to complete a full training session without the need to move or wait for equipment.

The facility's weight room is outfitted with over 50,000 pounds of weight, 22 fully customized work stations with inlaid platforms that provide student-athletes with a state-of-the-art facility that incorporates the latest technology and adaptability in exercise and monitoring equipment. The 25-yard turf area is used for warm-ups, plyometrics, short agility work, medicine ball throws, rehabilitation and much more. Spin, Pilates, yoga and back classes are among the activities that take place in the fitness studio.

Other features in the Simpson Center include a training room, rehabilitation facilities including underwater and AlterG treadmills, cold plunges, a medical suite, dining and nutrition and academic support area, team meeting room, locker room and player lounge – all just a few steps away.
