Cal Golf Opens State-of-the-Art Short-Game Facility

In a huge boost for California's men's and women's golf programs, the Golden Bears opened their new short-game facility at the Metropolitan Golf Links in Oakland last fall. The Cal athletic department would like to thank everyone who combined to contribute approximately \$580,000 to bring the project to fruition. The lead donors were Judy Isaac, Pat and Kent Newmark, Ellen and Joffa Dale, Lon and Becci Haskew and Jay deBenedetti.

The programs broke ground on the privately-funded project in 2006 after a long planning process. The two-and-a-half acre state-of-the-art short-game facility is conveniently located on the southwest corner of the Metropolitan Golf Links near the Oakland Airport. Built to United States Golf Association specifications, the facility features two extremely large greens - one for putting and chipping, and the other for the aerial game, including pitching and bunker play.

"This has been a dream of Cal men's golf and myself for 27 years and for the women's program since its inception in 1994-95," said men's head coach Steve Desimone. "The facility will help improve our players from 120 yards and in. Both teams can always be more efficient in that area. It will also help in terms of recruiting because it will make us more competitive with the best programs in the country. For the first time, we will also be able to reach out to the community and host golf camps and clinics."

Steve Desimone addressed friends and members of Cal Golf at the facility grand opening.
