CAL GOLF COMMITTEE

The University of California's intercollegiate golf tradition dates back to 1912. Over the years, the Cal Golf team has competed in many of collegiate golf's finest tournaments, including the Pac-10 and NCAA Championships, and in 2004, winning the NCAA Championship. In January of 1980, a group of golf supporters formed The Friends of Cal Golf to raise the funds to support the golf program at Cal.

Operating costs have been covered by the annual Cal Golf Tournament, satellite tournaments in Sacramento, Marin, Palm Springs, Santa Rosa, Fresno, Los Angeles and Seattle, from annual donations and from the Cal Golf endowments. The Cal-Stanford rivalry, perhaps the finest rivalry in intercollegiate athletics, has spawned a series of popular and competitive events, especially the Big Game Cup, which will be played for the 16th time

this November.

On September 16, 2003, the Cal Golf Committee announced a five-year, \$8 million endowment campaign with the goal of funding Men's Golf in perpetuity. Endowment funds, both active and pledged, now stand at approximately \$3.5 million. The Cal Golf team has an endowed grant-in-aid funded by the Sacramento Valley Group for deserving Sacramento Valley golfers choosing to attend Cal. Eight partially-endowed grant-in-aids are continuing to accept funds: the Edward and Mollie Arnold Golf Grant-in-Aid, the Edward M. Burnham Family Memorial Endowment Golf Grant-in-Aid, the Edward and Lynn Little Men's Golf Scholarship, the Marin County Golf Grant-in-Aid, the William V. Power Golf Endowed Scholarship, the Sacramento Valley Golf Grant-in-Aid Fund, and the Robert G. Tuck Memorial Golf Grant-in-Aid. NCAA rules permit up to 4.5 golf scholarships for

the men's programs and the Cal Golf Committee has concluded that the completion of the endowment campaign is essential to both the program's ongoing success and assuring Men's Golf in perpetuity at Cal.

The Pac-10 Conference is the equal of any conference in the nation and in the sport of golf, as it has produced many of the premier professional players on the PGA Tour. The purpose of the Cal Golf program is not only to provide a competitive atmosphere for young men who desire a place in the world of professional golf but also to make available to them the considerable educational opportunities of the University of California.

The BAY AREA and BEYOND

Berkeley

The San Francisco Bay Area is a major metropolitan area of approximately six million people and one of the most scenic regions in the United States. The Bay Area includes the major cities of San Francisco and Oakland, as well as Berkeley, home of the world-renowned University of California. Just south is the city of San Jose and the Silicon Valley, home to many of the world's high-tech companies. The Bay Area also lies within easy driving distance of the high Sierra resorts of Lake Tahoe and Yosemite, the Monterey/Carmel peninsula, the world famous Napa wine country, and the spectacular Mendocino Coast.

Everyone knows "The City" - San Francisco - from countless photographs, movies and television shows that capture its magic. It is a city built on a series of more than 40 hills, offering panoramic views of every kind. The hub of a nine-county complex and the financial and insurance capital of the world, San Francisco has a resident population of about 740,000. San Francisco is situated on a 46.6 square-mile peninsula bounded on the west by the Pacific Ocean, on the north by the Golden Gate strait, and from north to east by the San Francisco Bay. The City has been named the world's top city twice by readers of *Conde Nast Traveller* and the top U.S. city seven times since 1988.

The San Francisco Bay is spanned by two landmarks, the Golden Gate and San Francisco-Oakland Bay bridges, and graced by four islands: Alcatraz, Angel, Yerba Buena and Treasure. The area is easily navigated by car, BART (Bay Area Rapid Transit), bus or ferry, making it easily accessible to all.

Located across the Bay Bridge from San Francisco, Oakland is a city of 400,000, jam-packed with exciting attractions, stimulating arts, and an ideal climate. Oakland's charm exceeds its man-made wonders, as its tumbling hills, vast forests, hiking and riding trails, beautiful lakes and numerous parks provide a natural escape for those who prefer nature over an urban environment.

Berkeley, just a 12-mile drive from San Francisco, is situated on 18.8 square miles with a population of 103,000 people. A study in contrasts, Berkeley is a small town with a big-city character. With its world-renowned university, global population and rich diversity of cultural arts, Berkeley reflects and affects the rest of the country.

Sports fans can see it all in the Bay Area - professional football (San Francisco 49ers, Oakland Raiders), professional basketball (Golden State Warriors), professional baseball (San Francisco Giants, Oakland Athletics), professional hockey (San Jose Sharks), and outstanding collegiate competition.

The UNIVERSITY of CALIFORNIA

SIMPLY THE BEST

There is no other way to aptly describe America's top public university. There is no other way to describe one of the elite academic settings in the world – especially one that also includes one of America's most successful athletic departments.

The University of California blends the best of all worlds. Overlooking the scenic San Francisco Bay and ranked as the nation's top public university by the *U.S. News and World Report*, the flagship campus of the state of California also features an athletic program that annually finishes among the leaders in the Directors' Cup standings, which rates the overall success of America's athletic departments.

Cal attracts what many believe to be the finest applicant pool in the United States. The university features a diverse student-body population. The University of California offers 300 degree programs, and 35 of the school's 36 graduate programs are ranked among America's top 10. Cal's 35 programs among the top 10 is No. 1 among all universities in the country, as is its 32 "distinguished" programs, as rated by the National Research Council.

The library is ranked third in the country, as judged by Association of Research Libraries with 9 million volumes in 18 campus libraries.

The faculty features seven Nobel Laureates, 128 members of the National Academy of Sciences, 16 MacArthur Fellows, 83 Fulbright Scholars, three Pulitzer Prize winners and more Guggenheim Fellows (139) than any other university in America.
