

2005 SEASON OUTLOOK

Senior Jay Yee

for Jay to be a factor on the three events that he does. He just has to be there on that last day of NCAA competition and he will contend for a national title.”

Junior co-captain Shawn Mowry will provide plenty of support for Cal, coming off of a successful 2004 campaign. After two seasons of dependable work, including a fourth-place finish at last year’s MPSF championships in the floor exercise, Mowry will focus on the floor exercise, pommel horse and parallel bars in 2005, events which the Bears’ coaching staff expect him to excel.

A freshman from Falls Church, Virginia, Tim McNeill is expected to have an immediate impact on Cal’s success. “Tim will be an all-rounder for us,” Simons said. “To come into a collegiate program and be a top-six player in each event is a success in itself.”

Junior Chris Rodriguez and a talented sophomore class, comprised of Randall Heflin, Bromley Palamountain, Alan Parsons, Jason Pierce and Hiroki Yokoyama will add much-needed depth to an already accomplished squad.

The coaching staff expects Heflin to have a break-out season after the sophomore came on particularly strong last year as a freshman, evidenced by his second-place all-around MPSF championship finish, followed up by a 12th place NCAA all-around final standing.

In what Simons describes as the “most talented freshman class that I’ve seen in the five years I’ve coached here,” the Bears will welcome seven new additions to the roster. Highlighted by Tim McNeill, the class is rounded out by Tyler Block, Kyle Brady, Colin Christ, Mark Freeman, Kyle Litow and Aaron Moy.

The Bears go into the 2005 season with the bar raised high as ever. First on their list will be defending their MPSF championship, where they will go up against the likes of Air Force, Nebraska, Okalahoma and Bay Area rival Stanford.

Cal’s aspirations don’t end there, however, as it eagerly awaits the national spotlight that accompanies the NCAA Championships. “As we head into the championships, we want to be there on the last day, be a part of the top six teams in the country, and compete for the national championship” Simons said.

Senior co-captain Graham Ackerman

RETURN TO NCAA FINALS THE GOAL FOR THE BEARS IN 2005

The 2005 Golden Bears gymnastics team, stocked with a wealth of depth and talent, look to improve on what was an impressive 2004 season: a 16-1 overall record complimented by a Mountain Pacific Sports Federation Conference crown and sixth-place NCAA Championship finish.

“We had a bitter-sweet ending to the season last year; winning the preliminary rounds and then coming up short in the NCAA finals,” California associate head coach Kip Simons said. “Nothing to hang your head about, but we certainly would like to improve on that sixth place standing.”

A conference championship and Top-10 national finish would seem difficult to build upon. A tradition of excellence, however, has left little out of reach for California. Since 1948, the Bears have had 165 individual Top-10 finishers at the NCAA championships, 24 national individual champions and have collected four national titles.

With head coach Barry Weiner at the helm, Cal has further established itself as a national power, amassing a 187-48-1 (.796) record in his 14 years. Last year’s MPSF conference Coach of the Year award was the fourth for Weiner, who has also collected two national championships and two National Coach of the Year honors (1997, 1998).

The Bears will be led on the floor by seniors Graham Ackerman and Jay Yee. Ackerman, a six-time All-American and co-captain, has developed into one of Cal’s all-time great gymnasts. At the 2004 NCAA individual finals, the Washington native became the first Golden Bear to win two national titles (floor exercise and vault) in one year, as well as the fourth to capture four All-America honors (floor, vault, parallel bar and high bar) in one night.

“It helps, confidence-wise, to have two-time captain and two-time national champion Graham Ackerman on our side going into the season,” Simons said. “He’s been there on the last day, for the team and individual NCAA finals every year since he’s been here. We expect him to be a strong foundation for the large freshman class which we have.”

Jay Yee, a transfer from UC Santa Barbara, made an immediate impact for the Bears last season, capturing the MPSF still rings championship, and finishing 10th in the NCAA individual finals. Yee, considered one of the strongest gymnasts in the country, should be a major force this season on rings, pommel horse and vault.

“Jay has grown tremendously as an athlete, and we’ll be looking for guidance and leadership from him this year as well,” Simons said. “We look

UNIVERSITY OF CALIFORNIA

The University of California is one of the world's leading academic institutions. The school, known throughout the world as "Cal," is truly a prototype of a contemporary university. It attracts what many consider the finest applicant pool in the country, generates an ethnically and culturally diverse student population on campus, and provides one of the finest learning experiences in the world today.

WORLD-CLASS FACULTY AND STUDENTS

The Berkeley campus is renowned for the size and quality of its libraries and laboratories, the scope of its research and publications, and the distinction of its faculty and students. National rankings consistently place Cal's undergraduate and graduate programs among the very best. The faculty includes eight Nobel Laureates, 124 members of the National Academy of Sciences, 19 MacArthur Fellows, 87 Fulbright Scholars, three Pulitzer Prize winners and more Guggenheim Fellows (141) than any other university in the country.

The quality of Cal's diverse and independent student body complements the stature of the faculty. More than 33,000 students annually enroll at Cal. Of these, about 23,000 are undergraduates. Students come to Berkeley from all over California, in addition to every state in the union and more than 2,000 students from 75 countries around the world.

The undergraduate student body can best be characterized by its diversity; there is no one racial or ethnic majority. Students reflect all age groups, and economic, cultural and geographic backgrounds. This dynamic mix produces the wide range of opinion and perspective essential to a great university.

THE BAY AREA

Overlooking San Francisco Bay, the campus is a lush and tranquil 1,232-acre oasis in an urban setting. The grounds have retained much of the beauty of their rural beginnings. Spacious lawns, hiking and running trails, as well as groves of oak, redwood and eucalyptus blend with the Neo-classical architecture of John Galen Howard. The University is bordered by the wooded rolling hills of Tilden Regional Park and Berkeley, one of America's most lively, culturally diverse and politically adventurous cities.

ACADEMIC SUCCESS

By any standard, Cal offers its students one of the best educations available. Since its birth it has earned a reputation unmatched by any public university in America. According to a recent study by the National Research Council, Cal ranks first nationally in both the number of graduate programs in the Top 10 in their fields (97 percent) and the number of "distinguished" programs for the scholarship of the faculty (32 programs).

Although Cal is well known for its stellar graduate programs, undergraduate teaching is a campus priority. Nearly half of all courses offered at the undergraduate level have 25 students or fewer, and many lecture courses include smaller laboratory or study group sections which allow close interaction with professors and other instructors.

CAL EXCELS IN THE CLASSROOM

- 20 of Cal's 27 teams had a cumulative team GPA of 3.0 or higher during the 2003-04 academic year
- More than 210 student-athletes have cumulative GPAs over 3.25

Cal offers a wide arena for academic endeavor and personal growth with more than 7,000 courses in nearly 300 degree programs. Exceptional support services such as the Student Learning Center, Career and Graduate School Services, the Disabled Students' Program, and campus and alumni mentor programs reflect Cal's strong commitment to undergraduate education. Study abroad is available to undergraduate students through the Education Abroad Program, which maintains more than 90 study centers in countries such as Australia, Costa Rica, Egypt, Hong Kong, New Zealand and Thailand.

Each year, more than 8,500 students receive degrees from the University - about 5,500 bachelor's degrees, 2,000 master's degrees, 900 doctorates and 200 law degrees.

ATHLETIC EXCELLENCE

The excellence of the University's intercollegiate athletic program rivals the school's academic reputation as Cal boasts one of the finest all-around programs in the nation. Twenty-seven sports - men's and women's basketball, crew, cross country, golf, gymnastics, soccer, swimming and diving, tennis, track & field and water polo; men's baseball, football and rugby; along with women's softball, volleyball, field hockey and lacrosse - are sponsored by the University. Over the years, Cal has captured more than 60 national team championships - most recently men's golf and rugby - while claiming over 105 NCAA individual championships in a variety of sports. This past season, six coaches received Conference Coach of the Year honors, Natalie Coughlin was named the NCAA Swimmer of the Year and the tandem of Christina Fusano and Raquel Kops-Jones were chosen the national Doubles Team of the Year in tennis.

OUTSIDE THE CLASSROOM

A myriad of activities also goes on outside the classroom. There are more than 350 registered student organizations, such as the Marching Band, Hang Gliding Club, radio station KALX, ethnic associations, humor and literary magazines, debate team, Cal Corps (volunteer programs), Cal in the Capitol/Sacramento, and political organizations.

In addition, Cal has a host of other features, including public lectures and concerts, campus-sponsored forums and seminars, clubs and workshops, dramatic presentations, international festivals, art, photographic, design, architectural, anthropological and archaeological exhibits and displays, and dozens of bookstores within one-square mile - all of this making Berkeley one of the most intellectually stimulating communities in the country.

2005 CAL COACHING STAFF

BARRY WEINER

Head Coach, 14th Year at Cal

Largely credited with developing the University of California men's gymnastics program into one of the nation's finest, Barry Weiner led the Golden Bears to national championships in 1997 and 1998, a total of six Top 5 national finishes and seven NCAA individual champions in his fourteen seasons at Cal. The results of Weiner's hard work and dedication first paid dividends in '97 when he was named National Coach of the Year after

leading the Bears to a perfect 17-0 regular season and the team's first NCAA team title since 1975. Weiner then outdid himself the next year, as Cal swept through the entire '98 season without a loss en route to its second-consecutive team championship. Following that season, Weiner was named Mountain Pacific Sports Federation Coach of the Year for the third time (he won the award for the fourth time in 2004) and National Coach of the Year for the second straight campaign. Including the 16-1 overall record of 2004, Weiner's career record stands at an impressive 197-48-1 (.800) spanning over the last fourteen years.

Weiner took the reins of the men's gymnastics program in 1992 after Cal's worst-ever 1-18 season in '91. Under his guidance, Cal rebounded to post a 15-13 dual meet record, placing third in the conference and reaching the NCAA Regionals, where the team managed a seventh-place finish. Six individuals from that squad qualified for the NCAA Championships that year, including All-American Jason Bertram.

Before arriving at Cal in September 1991, Weiner maintained a lengthy association with the United States Junior National Gymnastics Program. Over an 11-year period, he has coached 15 Junior National Team members, including two Junior National all-around champions. He most recently coached the U.S. Junior National Team against Hungary in 1988 at the Olympic Training Center in Colorado Springs. He also coached the Junior Pan American Team in Ponce, Puerto Rico in 1987 and was a U.S. coach at international competitions in England and Hungary. Weiner was also selected as a coach for the 2000 Olympic Team.

Head coach Barry Weiner discusses a performance with one of his gymnasts during a meet last season.

The personal coach of numerous state and regional champions, Weiner has coached several athletes who are currently attending schools across the nation. His former charges include Cal gymnastics alumni Evan Richman and Scott Green.

On the competitive level, Weiner was a two-time MVP at Temple University from 1968-70. A 1968 NCAA event finalist in the parallel bars and floor exercise, he helped Temple finish fourth in the country in '68 and led the Owls to a third-place national finish in 1970. Weiner also earned gold medals at the 1968 Maccabiah Games in the floor exercise and horizontal bar.

A native of Philadelphia, he earned a bachelor of science degree from Temple in 1970. He is single and resides in El Sobrante.

KIP SIMONS

Associate Head Coach, 5th Year at Cal

Kip Simons is in his fifth year as an assistant with the Golden Bears. He proved to be a top-level gymnast early on in his career, dominating the 1988 Jr. U.S. Championships and the Jr. Pan American Games by winning 10 gold medals. Simons went on to a successful collegiate career at Ohio State University where he was honored as the Big Ten Freshman of the Year, team captain his senior season, a Nissen Award Recipient and the

1994 OSU Male Athlete of the Year.

Following his collegiate career, Simons went on to compete on two world championship teams and a Pan American Games gold medal team. His crowning achievement came when he represented America while competing in the 1996 Centennial Olympic Games in Atlanta, Ga.

Born and raised in Bloomsburg, Pa., Simons graduated from OSU in 1996 with a degree in exercise physiology.

Kip Simons, in his fifth season coaching at Cal, had an impressive gymnastic career, highlighted by winning 10 gold medals in the 1988 Jr. U.S. Championships and the Jr. Pan American Games.

2005 ATHLETE PROFILES

SENIORS

GRAHAM ACKERMAN

5-9 145 Sr. 3V AA
Seattle, WA (Roosevelt HS)

The six-time All-American completed one of the most successful seasons by a Golden Bear gymnast ever in 2004...became first Cal gymnast to capture two national titles (floor exercise and vault) in the same year...fourth Golden Bear to earn four All-America honors in the same night...will be a factor on floor exercise, vault, parallel bars and the high bar.

2004: Had a record-breaking year, setting new career marks of 9.750 in vault, 9.200 in parallel bars and 9.750 in horizontal bar... won national titles in floor exercise (9.687) and vault (9.687), as well as finishing tied-for-second on the high bar (9.737) and sixth on the parallel bars (8.987)...tied his career best, posting a 9.750 on the high bar during NCAA qualifying (April 2), which was also a Cal team high...won two individual titles at the MPSF Championship meet, in the floor exercise (9.562) and vault (9.400)...claimed his best night of the year (Feb 20) as he scored a 9.700 or better in three different events - floor (9.750), vault (9.700), and horizontal bar (9.750)... barely missed tying his career high in the floor exercise by .025, posting a 9.750 back on Feb. 20 and March 7... four-time All-American in 2004.

2003: Placed second in the floor exercise at the 2003 Winter Nationals...won the floor competition at the Stanford Open...competed in four events at the Stanford/Arizona State meet and finished first in the floor exercise...paced the Bears with three first place finishes against Air Force and UC Santa Barbara, a meet in which he set his career high in the vault (9.500)...placed first in the high-bar (9.450), second on the floor (9.400), and third in the vault (9.350) in a four-way meet between Stanford, Michigan and Nebraska...continued his dominance of the floor exercise against a top-10 Iowa team winning that event (9.650) and the horizontal bar (9.700)... Ackerman won the floor exercise and the vault at the MPSF Championships (March 29) with scores of 9.700 and 9.450, respectively...finished first in the floor exercise during the NCAA qualifying rounds and tied for sixth in the parallel-bars and eighth in the vault...eventually placed 2nd at the NCAA finals in the floor exercise...named to Academic All-MPSF team.

2002: Slowed by an ankle injury throughout the season, returning to full strength just in time to receive All-America honors in p-bar with 8.575 (sixth place) at NAAs ... in second-ever intercollegiate meet, notched a team season-high 9.775 on the floor (at Stanford Invite)...performed well at Gold's Challenge in Santa Barbara, scoring a career high 8.700 on the pommel horse and a solid 8.750 on the horizontal bar, helping Cal gain momentum entering the post-season...at MPSFs, chalked up another career high, this time on the horizontal bar, with 8.950 score...also earned academic All-America honors.

Previous: Chosen to represent the United States at the World University games in Taegu, Korea in August of 2003... won the silver medal on vault at the USA Championships, in Milwaukee, Wisconsin over the summer of 2003...competed at 2001 US Nationals, placing first in floor exercise and vault, as well as ninth in all around...was 1999 and 2001 Regional All-Around Champion...was Washington State Champion in 1995, 1999 and 2001 in floor exercise and vault...also competed in 1997 and 1998 Junior Nationals ... 2001 Junior National floor and vault champion.

Personal: Graham Samuel Ackerman...political science and European development double major...has overcome back and ankle fractures during his career... has one brother, David... parents are Robin Dearling and Gary Ackerman ... born July 14, 1983 in Seattle, WA.

*** indicates score was adjusted for new rules implemented prior to 1995 season. Before that time, the top five individual scores from each event were used to compute team totals. For scores with (***), the fifth-best score was subtracted from each event's original total so that it is comparable to the current system of using the top four individual scores.

The graduating class from the 1997 NCAA Champion team from left to right - Andrew Mason, C.J. Faust, David Kruse, Trent Wells and Justin McCue.
