The University of California is one of the world's leading academic institutions. The school, known throughout the world as "Cal," is truly a prototype of a contemporary university. It attracts what many consider the finest applicant pool in the country, generates an ethnically and culturally diverse student population on campus, and provides one of the finest learning experiences in the world today.

WORLD-CLASS FACULTY AND STUDENTS

The Berkeley campus is renowned for the size and quality of its libraries and laboratories, the scope of its research and publications, and the distinction of its faculty and students. National rankings consistently place Cal's undergraduate and graduate programs among the very best. The faculty includes eight Nobel Laureates, 124 members of the National Academy of Sciences, 19 MacArthur Fellows, 87 Fulbright Scholars, three Pulitzer Prize winners and more Guggenheim Fellows (141) than any other university in the country.

The quality of Cal's diverse and independent student body complements the stature of the faculty. More than 33,000 students annually enroll at Cal. Of these, about 23,000 are undergraduates. Students come to Berkeley from all over California, in addition to every state in the union and more than 2,000 students from 75 countries around the world.

The undergraduate student body can best be characterized by its diversity; there is no one racial or ethnic majority. Students reflect all age groups, and economic, cultural and geographic backgrounds. This dynamic mix produces the wide range of opinion and perspective essential to a great university.

CAL FACTS

- * *More students who earn undergraduate degrees at Cal complete doctorates than graduates of any other university in the country*
- * *With more than 9 million volumes in 18 campus libraries, Cal's libraries are ranked third nationally by the Association of Research Libraries*

THE BAY AREA

Overlooking San Francisco Bay, the campus is a lush and tranquil 1,232-acre oasis in an urban setting. The grounds have retained much of the beauty of their rural beginnings. Spacious lawns, hiking and running trails, as well as groves of oak, redwood and eucalyptus blend with the Neo-classical architecture of John Galen Howard. The University is bordered by the wooded rolling hills of Tilden Regional Park and Berkeley, one of America's most lively, culturally diverse and politically adventurous cities.

ACADEMIC SUCCESS

By any standard, Cal offers its students one of the best educations available. Since its birth it has earned a reputation unmatched by any public university in America. According to a recent study by the National Research Council, Cal ranks first nationally in both the number of graduate programs in the Top 10 in their fields (97 percent) and the number of "distinguished" programs for the scholarship of the faculty (32 programs).

Although Cal is well known for its stellar graduate programs, undergraduate teaching is a campus priority. Nearly half of all courses offered at the undergraduate level have 25 students or fewer, and many lecture courses include smaller laboratory or study group sections which allow close interaction with professors and other instructors.

Cal offers a wide arena for academic endeavor and personal growth with more than 7,000 courses in nearly 300 degree programs. Exceptional support services such as the Student Learning Center, Career and Graduate School Services, the Disabled Students' Program, and campus and alumni mentor programs reflect Cal's strong commitment to undergraduate education. Study abroad is available to undergraduate students through the Education Abroad Program, which maintains more than 90 study centers in countries such as Australia, Costa Rica, Egypt, Hong Kong, New Zealand and Thailand.

Each year, more than 8,500 students receive degrees from the University - about 5,500 bachelor's degrees, 2,000 master's degrees, 900 doctorates and 200 law degrees.

ATHLETIC EXCELLENCE

The excellence of the University's intercollegiate athletic program rivals the school's academic reputation as Cal boasts one of the finest all-around programs in the nation. Twenty-seven sports - men's and women's basketball, crew, cross country, golf, gymnastics, soccer, swimming and diving, tennis, track & field and water polo; men's baseball, football and rugby; along with women's softball, volleyball, field hockey and lacrosse - are sponsored by the University. Over the years, Cal has captured more than 60 national team championships - most recently men's golf and rugby - while claiming over 105 NCAA individual championships in a variety of sports. This past season, six coaches received Conference Coach of the Year honors, Natalie Coughlin was named the NCAA Swimmer of the Year and the tandem of Christina Fusano and Raquel Kops-Jones were chosen the national Doubles Team of the Year in tennis.

OUTSIDE THE CLASSROOM

A myriad of activities also goes on outside the classroom. There are more than 350 registered student organizations, such as the Marching Band, Hang Gliding Club, radio station KALX, ethnic associations, humor and literary magazines, debate team, Cal Corps (volunteer programs), Cal in the Capitol/Sacramento, and political organizations.

In addition, Cal has a host of other features, including public lectures and concerts, campus-sponsored forums and seminars, clubs and workshops, dramatic presentations, international festivals, art, photographic, design, architectural, anthropological and archaeological exhibits and displays, and dozens of bookstores within one-square mile - all of this making Berkeley one of the most intellectually stimulating communities in the country.

EVANS DIAMOND

One of the most unique and picturesque college baseball facilities in the nation is Evans Diamond, which has served as home of the Golden Bear baseball team since 1933.

Fans will notice changes in Evans Diamond in 2005, as construction has begun on the Carl Van Heuit Training Facility, plus new artwork, sponsored by Truitt and White, graces the back of Edwards Track Stadium and the Recreational Sports Facility. The Carl Van Heuit Training Facility, named after the former Cal football Hall of Famer who was a staunch supporter of the Bears' baseball program, will provide the team with indoor batting cages, indoor and outdoor bullpens, as well as weight training and conditioning equipment. The graphics on the RSF wall are of former Cal standouts Chuck Hensley, Rod Booker, Lance Blankenship, Jon Zuber, Matt Luke, Bobby Kahlon, Xavier Nady and Conor Jackson.

Evans Diamond received a field facelift in the fall of 1992 at a cost of \$275,000, which was completely paid for by Cal alums. RNT Landscaping of San Leandro, Calif. completed the renovation of the Evans Diamond playing surface, which

Evans Diamond, a 2,500-seat, natural grass field named after legendary California baseball coach Clint Evans, provides fans one of the most enjoyable collegiate baseball experiences.

included leveling the field, installing a new drainage system, replacing both the infield and outfield grass and placing a warning track around the entire field.

Originally part of Edwards Field, named in the memory of Colonel George C. Edwards, Evans Diamond was named after legendary Cal baseball coach Clint Evans, who served

as the Bears' head coach from 1930-54.

The playing surface at Evans Diamond features natural grass, along with a mixture of clay and crushed cinder infield surface. The outfield measurements at Evans are 320 feet down the lines, 365 to the power alleys and 395 to center field. The seating capacity is 2,500.

Evans Diamond is located on the southwest corner of campus, between Edwards Track Stadium, Haas Pavilion and the Recreational Sports Facility. The easiest access to the field is off Cross Campus Road (Frank Schlessinger Way), which intersects Oxford Avenue near the north end of the track stadium.
