

The CALIFORNIA SWIMMING & DIVING EXPERIENCE

EXPERIENCED COACHING STAFF

NORT THORNTON

The dean of all Pac-10 swimming coaches continues to combine great determination and dedication in helping his swimming team reach its potential and maximum success level. Thornton has been a part of Cal's swimming excellence since the 1973-74 season when he took over the Bears program. Five years after his arrival, Thornton guided Cal to its first national championship in 1979 and successfully defended the national crown in 1980. In his 32 years at Cal, Thornton has led the Bears to two national championships, 27 NCAA Top-10 finishes and a stellar cast of All-Americans. He claimed National Coach of the Year honors in both of those seasons. He has an even more impressive collection of Olympians-including world record holder Matt Biondi, Anthony Ervin, who won the gold medal in the 50-meter free at the 2000 Sydney Olympics, and Draganja, who took silver in the 50-meter free at the 2004 Athens Olympics.

MIKE BOTTOM

For eleven summers Bottom has coached an international Sprint Team. In the past three Olympiads, one-half (nine) of the 18 medals awarded in the men's sprint freestyle events (50m and 100m) have been won by athletes that he has coached. This past summer Bottom took a group of 13 swimmers to Europe for a training camp and international competition circuit. After winning the European championships Cal's Bart Kizierowski was number one in the world, Duje Draganja was a silver and bronze medalist in the same competition. During the summer of 2004 he coached ten swimmers from eight different countries at the Olympic Games in Athens.

TOM DAVIDSON

While at Illinois State Davidson guided Emily Hirt to her first ever NCAA Zone diving championship. Hirt placed in the top 40 regionally with a score of 204.05 on the three-meter board, but did not advance to the final round. Davidson was a three-time All-American at Indiana, including being a four-time Big Ten conference champion during his time in Bloomington, Ind. In 2001 he took third place on the one-meter springboard. He also won titles at the 2002 U.S. Senior National Championships, 2001 U.S. Indoor National Championships and 2001 U.S. Outdoor National Championships.

BART KIZIEROWSKI

A former Cal All-American, this past summer he set the world's best-time in the long course 50 freestyle (22.81) at the European Championships. He won two NCAA titles and seven Pac-10 titles during his career as a Golden Bear.

OLYMPIC TRADITION

Duje Draganja

The University of California has a long and proud Olympic tradition, and nowhere is that tradition more evident than in the sport of swimming. Since head coach Nort Thornton arrived in Berkeley in 1975, 48 Cal swimmers have represented their countries in the Olympic Games. Cal swimmers have captured a total of 30 medals, including 14 gold, 11 silver and five bronze medals.

ATHENS 2004

Behind the guidance of Cal's Co-Head Coach Mike Bottom, Duje Draganja was one of the stars at the 2004 Athens Olympics. The current Golden Bear won a silver medal for Croatia in the 50-meter freestyle, taking second to the USA's Gary Hall, Jr., another Bottom product. Eleven other Bears – past, present and future – competed in Athens.

SYDNEY 2000

Anthony Ervin was one of the United States' stars at the 2000 Sydney Olympics. Ervin came away with gold medals in the 50-meter free and the 400-meter medley relay, and earned a silver medal in the 400-meter free relay. Also at the Sydney Olympics, four other Cal swimmers competed, with Bart Kizierowski reaching the finals of the 100-meter back and 50-meter free, Gordan Kozulj making the finals of the 200-meter back and Ratapong "Nuk" Sirisanont competing in the 200-meter breast.

ATLANTA 1996

At the 1996 Atlanta Olympics, nine athletes represented the Bears from seven different countries. A highlight for the University was Mark Henderson (1988-91) swimming the butterfly leg on the United States' gold-medal winning, world-record setting 400-meter medley relay (3:34.84). Bart Sikora also had a stellar Olympics, placing fourth in the 200-meter back, setting a Polish National record with a time of 2:00.05.

BARCELONA 1992

At the 1992 Olympic Games in Barcelona, Spain, the Bears produced the largest number of Olympic swimmers in the nation (13) coming from one school. In addition, six of the 13 athletes swam for the United States, the largest number in the school's history. In all, Cal swimmers captured a total of six medals. Biondi led the pack, earning three medals – a silver in the 50-meter free and two golds for the 400-meter free relay and the 400-meter medley relay. Biondi, with eight golds, two silvers, one bronze medal, tied swimmer Mark Spitz and shooter Carl Osborn for the American record of total Olympic medals won. Other Bear swimmers to bring home awards were U.S. team members Joel Thomas, who earned a gold as a member of the 400-meter free relay team, and Scott Jaffe, who earned a bronze as a member of the 800-meter free relay team. Swimming for Sweden, Werner won a silver medal in the 800-meter free relay. U.S. swimmer Ron Karnaugh also reached an individual final, placing sixth in the 200-meter individual medley.

SEOUL 1988

The 1988 Olympics in Seoul, South Korea proved to be successful for the Bears as well. Eight swimmers from Cal represented their homelands. None, however, were more successful than Biondi. Biondi entered the Olympics seeking to match Mark Spitz's 1972 seven gold-medal performance. Biondi did not achieve this goal, but his efforts will be forever remembered. Biondi captured gold in five events—the 50 and 100-meter free, the 400 and 800-meter free relays and the 400-meter medley relay. He also received a silver medal in the 100-meter butterfly and a bronze in the 200-meter free. Another Cal swimmer who won a medal in Seoul was Kingsman, taking a bronze in the 200-meter back.

LOS ANGELES 1984

In the 1984 Los Angeles Games, eight swimmers, four of whom captured medals, represented Cal. Matt Biondi, who had just completed his freshman year at Cal, was a member of the gold medal winning 400-meter free relay team. Meanwhile, Cal teammate John Mykkanen captured silver in the 400-meter free. Baron and Thomas Lejdstrom were part of Sweden's 400-meter free relay team that took the bronze.

The UNIVERSITY of CALIFORNIA

SIMPLY THE BEST

There is no other way to aptly describe America's top public university. There is no other way to describe one of the elite academic settings in the world – especially one that also includes one of America's most successful athletic departments.

The University of California blends the best of all worlds. Overlooking the scenic San Francisco Bay and ranked as the nation's top public university by the *U.S. News and World Report*, the flagship campus of the state of California also features an athletic program that annually finishes among the leaders in the Directors' Cup standings, which rates the overall success of America's athletic departments.

Cal attracts what many believe to be the finest applicant pool in the United States. The university features a diverse student-body population. The University of California offers 300 degree programs, and 35 of the school's 36 graduate programs are ranked among America's top 10. Cal's 35 programs among the top 10 is No. 1 among all universities in the country, as is its 32 "distinguished" programs, as rated by the National Research Council.

The library is ranked third in the country, as judged by Association of Research Libraries with 9 million volumes in 18 campus libraries.

The faculty features seven Nobel Laureates, 128 members of the National Academy of Sciences, 16 MacArthur Fellows, 83 Fulbright Scholars, three Pulitzer Prize winners and more Guggenheim Fellows (139) than any other university in America.

ACADEMIC ACHIEVEMENT

One of the real success stories for the University of California is the development and growth of a comprehensive academic support program for its student-athletes - the Athletic Study Center.

In 1984, campus officials and Athletic Department administrators decided that a greater emphasis needed to be placed on helping Cal student-athletes with their academic pursuits. The Athletic Study Center was thus born and charged with developing an academic support program geared to the needs of NCAA Division I student-athletes. It was a significant development for an academically oriented institution such as Cal to recognize the special needs required for a modern student-athlete's success both as an athletic competitor on the field of play and in the classroom.

PROGRAM FOR STUDENT-ATHLETES

The Athletic Study Center, which is housed within the Division of Undergraduate Education, is the tutorial and academic support program for the nearly 1,000 student-athletes at Cal. Centrally located in the Cesar Chavez Student Center, the program provides a spacious and comfortable arboretum for quiet study, separate classrooms for individual and group tutorials, and a computer lab for word processing and required course work.

Geared around the understanding of the amount of time student-athletes must devote to practice, training, physical therapy and team travel, the program creates an environment where students can cultivate good study habits, receive individual or group tutoring and obtain counseling from academic advisors.

TUTORIAL PROGRAM

The Tutorial Program promotes and enhances students' academic skills and progress by providing individual tutoring, group workshops, study groups, credit courses and intensive special programs. The Athletic Study Center has between 50-60 tutors on staff per semester to guarantee that students receive the best possible

support. Tutorial sessions are also offered at night enabling student-athletes to receive help after practices when they have more time to devote to studying.

ADVISING PROGRAM

The Advising Program offers a broad range of services to meet the unique needs of student-athletes, including assistance in understanding and complying with University, college and NCAA requirements, developing time management skills and resolving personal issues unique to student-athletes.

During the freshman year, advisors typically try to help student-athletes make a successful academic transition from high school, while during the sophomore year, they assist student-athletes in making decisions on appropriate majors and fields of study. For the final two years, advisors take more of an exiting approach, ensuring

that proper academic progress is being made towards graduation while referring juniors and seniors to areas on campus that can help with career planning.

SPECIAL PROGRAMS

In addition, the Athletic Study Center offers a Summer Bridge adjunct program designed to help ease the transition from high school to college. The primary components for the program include writing and math workshops, an advising workshop, study skills seminars and an evening tutorial program.

Another special program offered is Peer Advising. Peer advisors provide academic and campus life guidance for new intercollegiate student-athletes. They are selected from junior and senior student-athletes who assist in developing programs to further address the needs of student-athletes.

The Athletic Study Center staff (from left): Christine Lane, Keiko Price, Courtney Dolder, Derek Van Rheen, Melanie Moonsamy, Joe Morello, Lucas Moosman, Richard DeShong and Laura Neustedter. At left, academic advisors meet one-on-one with student-athletes.

The BAY AREA and BEYOND

The San Francisco Bay Area is a major metropolitan area of approximately six million people and one of the most scenic regions in the United States. The Bay Area includes the major cities of San Francisco and Oakland, as well as Berkeley, home of the world-renowned University of California. Just south is the city of San Jose and the Silicon Valley, home to many of the world's high-tech companies. The Bay Area also lies within easy driving distance of the high Sierra resorts of Lake Tahoe and Yosemite, the Monterey/Carmel peninsula, the world famous Napa wine country, and the spectacular Mendocino Coast.

Everyone knows "The City" - San Francisco - from countless photographs, movies and television shows that capture its magic. It is a city built on a series of more than 40 hills, offering panoramic views of every kind. The hub of a nine-county complex and the financial and insurance capital of the world, San Francisco has a resident population of about 740,000. San Francisco is situated on a 46.6 square-mile peninsula bounded on the west by the Pacific Ocean, on the north by the Golden Gate strait, and from north to east by the San Francisco Bay. The City has been named the world's top city twice by readers of *Conde Nast Traveller* and the top U.S. city seven times since 1988.

The San Francisco Bay is spanned by two landmarks, the Golden Gate and San Francisco-Oakland Bay bridges, and graced by four islands: Alcatraz, Angel, Yerba Buena and Treasure. The area is easily navigated by car, BART (Bay Area Rapid Transit), bus or ferry, making it easily accessible to all.

Located across the Bay Bridge from San Francisco, Oakland is a city of 400,000, jam-packed with exciting attractions, stimulating arts, and an ideal climate. Oakland's charm exceeds its man-made wonders, as its tumbling hills, vast forests, hiking and riding trails, beautiful lakes and numerous parks provide a natural escape for those who prefer nature over an urban environment.

Berkeley, just a 12-mile drive from San Francisco, is situated on 18.8 square miles with a population of 103,000 people. A study in contrasts, Berkeley is a small town with a big-city character. With its world-renowned university, global population and rich diversity of cultural arts, Berkeley reflects and affects the rest of the country.

Sports fans can see it all in the Bay Area - professional football (San Francisco 49ers, Oakland Raiders), professional basketball (Golden State Warriors), professional baseball (San Francisco Giants, Oakland Athletics), professional hockey (San Jose Sharks), and outstanding collegiate competition.

ATHLETIC FACILITIES

As a student-athlete at Cal, you have the privilege of using quality athletic facilities. Major athletic facilities located on the Cal campus are listed below.

CALIFORNIA MEMORIAL STADIUM

This stadium is the home of the Golden Bears football team. It not only holds over 67,537 spectators, but also includes athletic administrative offices, training quarters, weight room, equipment room and locker rooms.

EDWARDS STADIUM/ GOLDMAN FIELD

Historic Edwards Stadium/Goldman Field, which opened in 1932, is home to the California track & field and soccer teams.

EVANS DIAMOND

This baseball park facility seats over 3,800 people and is used by the baseball team for practices and games.

GOLDEN BEAR RECREATION CENTER

The Golden Bear Recreation Center has a softball field and a track with an interior field suitable for soccer and other field sports. There is a swimming pool, sand volleyball courts, and tennis courts. The GBRC is also the practice site of the Cal men's and women's gymnastics teams and year-round youth programs.

HAAS PAVILION

The Walter A. Haas Jr. Pavilion is the home for the basketball, volleyball, and gymnastics teams. The Athletic Director, Student Services, and Compliance offices are also located in the pavilion.

MAXWELL FAMILY FIELD

Maxwell Family Field, located just north of Memorial Stadium, serves as home to the Cal field hockey program.

HELLMAN TENNIS STADIUM

California tennis makes its home at the Hellman Tennis Complex, located on the southwest side of campus.

LEVINE-FRICKE FIELD

Nestled at the base of Strawberry Canyon, the Levine-Fricke Field, home of the 2002 NCAA Champions, is the venue for the Golden Bear softball team.

RECREATIONAL SPORTS FACILITY (RSF)

This state of the art intramural and recreational sports facility offers aerobics, badminton, basketball, volleyball, weight training, table tennis, yoga, racquetball, handball and squash.

SPIEKER AQUATICS COMPLEX

Varsity water polo and swim team practices and competitions are held at Spieker Pool. Recreational swimming is also scheduled for the times when these teams are not hosting events or practicing.

T. GARY ROGERS BOATHOUSE

The newly completed and renovated crew boathouse is located on the Oakland Estuary where the men's rowing team practices.

WITTER RUGBY FIELD

The Witter Rugby Field is part of Strawberry Canyon. This grass field is used for rugby practice and competition.
